Messages

The **Messages** tab allows you to manage your new, saved, and deleted voicemail, as well as greetings and other settings.

A screenshot of the Messages interface. It features a header with "Messages" and a refresh icon. Below the header are tabs for "Messages" and "Settings". A "New" dropdown menu is visible. The main content area is a table with columns for "From", "Date", and "Duration".

From	Date	Duration
 (206) 555-8555	Today, 10:38am	0:36
 (206) 555-5597	Apr 4th, 10:19am	0:34

Like the Home page, you can play messages, click a number to call it back, and download, save, forward, and delete messages. To see all the controls available, hover the mouse pointer over a message.

The **New** drop-down list allows you to review New, Saved, and Trash (recently deleted) messages.
