I designate Golden West Telecommunications to act as my agent for the PIC freeze. I understand that imposing a PIC freeze may involve a \$5.00 charge to my account.

I understand that I will be unable to make a change in long distance providers unless I remove the PIC freeze by the following procedure: I must provide Golden West Telecommunications with my written authorization stating my intent to remove a PIC freeze by using a preferred carrier freeze removal form.

I understand that these steps are in addition to the FCC's verification rules for changing a subscriber's long distance provider selection.
