Editing Time Frames

There might be times when you need to edit time frames. For example, you might want to change when they occur.

1. From the Time Frames page, either:

   - Click a name

     OR

   - Hover over a name, and then click the ⊘ icon at the far right of the Time Frames page. For example:

Either step displays the Edit pop-up window. For example:

2. Complete the fields and click **Save**.
